Our CFO and Accounting Department had the pleasure of kicking off the first quarter of 2010 calendar year. The selected "Employee of the Quarter" is **Rebecca Bueno**, Program Manager of

Hylond Home, who has been employed at Westview for 14 years, has excellent organizational skills. Her paperwork is always presented neatly and on time. Her audits have always been perfect! In addition to her outstanding job performance, Rebecca is always pleasant, friendly and helpful.

We then asked a few others for their impressions. Responses follow:

Quality Assurance states that this person, "Leads by example. Models how to work with clients. Treats staff as a team and maintains high morale."

Activities Director admires "her willingness to volunteer to help out with special functions; that she shows up early asking what can be done to help, and she stays around to help clean up."

Director of OC Operations finds Rebecca to have "keen organizational skills; dedication of service to clients; perfect paperwork and audits; flexible and helpful, and maintains low turnover in staff."
