

**WESTVIEW SERVICES, INC.  
EMPLOYEE OF THE QUARTER  
November, 2011**

**It gives me great pleasure to announce the “Employee of the Quarter”: Odilon Delgado, Assistant Program Manager of the Garden Grove program.**

**Odi came to Westview in April 2002 as a job coach for the Garden Grove program. It quickly became apparent that we had hired an immensely talented artist and a coach with boundless energy and enthusiasm for his work. He was promoted to Assistant Program Manager in February 2010.**

**His Manager considers him an asset to Westview and to the Garden Grove program. He has been able to enrich the lives of many clients through art and through teaching them self-care skills.**

**Orange County’s Operations Director praises Odi for the development of county-wide art classes. In April 2011 he organized an art exhibit at which many clients’ paintings were purchased, increasing the clients’ self-esteem and providing many a source of income.**

**The Quality Assurance Director states that Odi is genuinely committed to supporting clients, developing their interests and building their strengths. He is a proven marketing asset, organizing and promoting art shows at Westview and the surrounding communities.**

**Please join me in applauding this well-deserved recognition.**
